DAILY DEMOCRAT-FORUM

NEWS DISPATCHES FROM THE INTERNATIONAL NEWS SERVICE.

VOLUME 8. MARYVILLE, MISSOURI, MONDAY, OCT. 29, 1917 NO. 126.

SAVE ALL THE WASTE

PASTORS SHOW NEED FOR A SAVING OF FOOD.

WAS TAUGHT BY CHRIST

Pledge Cards Were Distributed in Every Church and Entire Week Will Be Devoted to Campaign.

"Maryville has its Judas Iscariots in this present crisis," declared the Rev. R. C. Holliday of the South Methodist church yesterday morning in his sermon on "Kitchen Patriotism." "There are men in this city who are taking unjust advantage of the people. They are traitors to the cause of democracy and liberty."

Reverend Holliday urged the members of his congregation to practice food conservation and passed out the Hoover food pledges. Conservation of meat, wheat, dairy products and sugar were especially mentioned by him.

"One slice of bread wasted a day by each family in the United States will total 20,000 loaves a day, enough to feed a large number of people," he said. "Let us practice having a clean plate every meal, making all of them wasteless meals."

Explains Plan For Campaign.

At the Christian church Fred P. Robinson, food director for Nodaway county, explained the purpose and plan for the registration of every family in the county. "It is not asked that you stop using the things you have been in the habit of having on your tables, but to cut down a little; war means a sacrifice and it has come home to every individual family in the land that sacrifices of some kind must be made." Pledge cards were distributed and pledges were taken at the close of the service.

Gather Up the Fragments.

"Gather up the broken pieces, let nothing be lost," was the admonition of Rev. T. H. Wiles of the Baptist church, who preached from the text of the multitude being fed. "The idea of the conservation of food is as old as Christianity," said Rev. Wiles. "Christ taught it to his disciples when they urged that the crowd be sent away that they might buy food for themselves. Are we going to send our allies away to buy food for themselves when they have little left to purchase it with, and we have plenty, if strict economy and conservation is practiced, to aid them in the fight that is being made to keep the world safe for democracy? We are but following the teachings of Christ when we answer the call of our government to cooperate in the conservation of our food supplies."

Our Democracy to the Test.

"Our democracy is being tested in this war," declared Rev. Gilbert S. Cox, pastor of the First M. E. church, "and if we are to keep our liberty we must show that we are worthy to have it. If we do not come up to the mark set and if we do not aid our government in every way we can we will be unworthy. If we refuse it may be necessary to set up a limited autocracy in this country." Rev. Cox explained the need of the government at this time and the reason why pledges were being asked. There were no refusals by any one to give hearty support in the campaign that is being carried on in the county.

200 Signed the Pledge.

At the Presbyterian church the day of prayer requested by the President was observed and prayers were made confessing faults, another was offered in behalf of the stricken countries and starving people of Europe and a third was a prayer for a victorious army that is fighting in the cause of right and democracy. Rev. S. A. Coile devoted a part of the service to explaining the need for conservation and the taking of the Hoover pledge. 200 cards were returned at the close of the service, every member of the congregation pledging co-operation with the government.

Endeavorers to Buy A Bond.

The Christian Endeavor society of the Christian church at its meeting last night voted to buy a $50 Liberty Loan Bond. Application will be made for it to a bank this week. Members of the society will make pledges for the payment of the bond and they hope to have it paid for in a few months on the installment plan. If pledges do not reach a sufficient amount to pay for it, a social may be given later, the proceeds to apply on it. Miss Bertha Anderson, the society treasurer, was appointed chairman of a committee to make plans for raising the money.

The Ladies of ST. MARY'S CHURCH will hold a

ED OTIS SELLS PROPERTY

Will Leave About January 1 For Extended Visit in South and West —Vern Wray, New Owner.

Ed Otis has sold his property on East First street to Vern Wray for $5,125. Mr. Wray will take possession December 15. Mr. Otis will leave about the first of the year for Southern Texas and will visit at Trinity, Texas, for a short time with his son, Irwin E. Otis, and his brother, George M. Otis. He will go from there to The Dalles, Ore., and visit his son, Roy Otis. He will then go on to San Francisco, for a visit with his daughter, Mrs. J. L. Duffy, and in the spring will come back to Denver and visit another son, Harland Otis.

The deal was made by Wallace Bros., and Hugh Strong.

READY FOR TEACHERS

COMPLETE PROGRAM OF THREE DAYS' MEETING ANNOUNCED.

WILL VISIT THE SCHOOLS

Normal School Chorus Will Furnish Musical Numbers—Sectional Meeting On Friday Morning.

Thursday, Friday and Saturday of this week teachers and school superintendents from counties embraced in the Fifth State Normal District will be guests of Maryville in attendance at the first annual meeting of the Northwest Missouri Teachers' association. The general sessions of the three days' meeting include addresses by some of the most prominent educators in the middle west together with interesting talks and musical numbers. In the sectional meetings county superintendents and teachers will take part. The complete program for the meeting is given herewith

Thursday Morning, November 1.

Registration, inspection of exhibits, visit to city schools and Normal school.

Thursday Afternoon, November 1

NORMAL SCHOOL AUDITORIUM.

2:00—Music: Vocal solo, Rev. Gilbert S. Cox.

8:00—Address: Miss Hettie M. Anthony, State Normal School.

(Continued on Page 2.)

RECORD FOR SCOUTS

THE FIVE DAYS' BOND CAMPAIGN BRING SALES OF $8,050.

5 SCOUTS WIN EMBLEMS

Will Be Decorated By Government For Service Performed—Business Man Commends Scout Movement.

Total amount of bonds sold..$8,050
Number of individual purchasers 74

The following Boy Scouts will be decorated with war service emblems furnished by the government:

Floyd Cook, 401 West Thompson.
Francis Burris, 121 South Mulberry.
Gerald Keef, 304 South Market.
Townsend Godsey, 536 West Fourth.
Truman Landon, 535 West Third.

Members of Troop I, Boy Scouts are jubilant over the showing made in the second Liberty Bond campaign, with five of their number having sold enough bonds to receive the testimonial of service, a handsome medal issued by the United States Treasury Department. The Scouts were allowed five days in which to make their campaign and were at it early and late. The rules required that ten bonds must be sold to receive an emblem, but once the Scouts got started, none stopped with the tenth bond sold but kept working for more. The bonds were in amounts all the way from those of $50 denomination up to $500. In not a single instance did the Scouts report being unkindly treated or scoffed at.

The Scouts were furnished with blank applications sent the troop from National headquarters in New York and a carefully mapped out campaign was followed. When an application was secured it was at once turned over to the bank designated by the subscriber.

In connection with the work of the Boy Scouts the following letter to The Democrat-Forum is of interest

Editor The Democrat-Forum:

I have watched, with personal interest, the Boy Scout movement in Maryville, as it affects the habits, conduct and life of the boys associated with it. I am sure that its influence on my boy has been, in all respects, for his betterment, teaching him the better side of life, and for this reason, I commend the movement to the parent of any boy.

Its associations are pure and refined; its activities wholesome, and its lessons lasting. The boys of the local troop are manly little fellows. Under such conditions, the work of the Scouts, always directed in behalf of every public enterprise, concerns the public as well as the parent. It is a splendid movement, and deserves the help of every good citizen.

Respectfully,
L. C. COOK.

THEME FOR MANY SERMONS

400 Years Ago Martin Luther Started the Fight For Protestantism—Churches Observe Anniversary.

Kansas City, Oct. 29.—Thousands of Protestants in Missouri and the United States this week are observing the 400th anniversary of the Reformation.

It was on October 31, 1517, that Martin Luther nailed his famous 95 theses on the door of Castle church in Wittenberg starting the fight for Protestantism.

Preachers in Missouri yesterday made the reformation the theme of sermons and special meetings will be held this week in every Lutheran church and in many churches of other Protestant denomination.

Injured at the Roller Rink.

Mrs. P. Q. Splivens of Rushville, Mo., while enjoying the Rube Carnival and clever program of fun, sustained internal injuries which examining physicians pronounce serious but not fatal. Owing to the lady's strong constitution, she regained sense of consciousness at the conclusion of the funny races that were held at the rink on Thursday of last week.

The management assumes no liability for any accidents of this nature but regrets that the accident occurred and advise people who have not laughed a hearty laugh for an unreasonable length of time to not attend their special attractions for there is nothing but laughs there.

They announce a Hallowe'en skate for Wednesday, October 31, so beware, if your nerves are in a critical condition, they advise your non-attendance. —Adv.

NOT THE COLDEST MORNING

The Snow and Piercing Wind Found A Good Many Homes Unprepared —Thermometer Was 23.

Maybe you thought this morning was the coldest of the season so far, but it wasn't. Last Friday morning, a week ago, the thermometer registered 20 degrees, this morning the official reading was 23. However, the inch deep snow that covered the ground this morning and the whistling north wind made one feel that the mercury ought at least to be down about zero.

With the first snow-fall of the season, applications began to come to the office of the Welfare Board this morning for aid and F. P. Robinson began to get his scant supply of clothing left over from last winter in shape for use. More will be needed however, as there were only a few garments unused and these in sizes that were not often called for. Shoes will also be needed by the board.

WILL NOT CUT OUT PRIZES

Awards Will Be Made on Candy and Cake, But Exhibits in Other Classes Are Urged By Managers.

With every family in the county trying to economize in the use of sugar in order to avoid a serious shortage, the managers of the domestic science exhibits that will be entered at the coming show hope that the entries in the candy and cake classes will be reduced to a minimum. Prizes will be given however, on such entries as win awards.

It is not the intention of the managers of the show to eliminate the classes for candy and cakes, but it is urged that exhibits in other classes will be preferable. There are four classes given in the catalog, two for cakes and two for candy with cash prizes totaling $40.

Prizes will also be awarded as announced to all winners in the best wheat bread contests in which the cash prizes amount to $25.

WAS FORMER EDITOR HERE

D. H. McFarland, Now Campaign Manager of Town Development Co., Gains Distinction.

D. H. McFarland, editor of the old Maryville Daily Republican for over two years, from 1908 to 1910, now campaign manager of the Town Development Company of New York, is gaining some distinction in his new work as indicated from the following in the Kansas City Star:

Building up sick civic bodies has been made a business, but it is attendant by so many difficulties that two institutions have just about the entire national field. One of these, the Town Development Company of New York, was employed in the recent campaign of rebuilding the Kansas City Chamber of Commerce.

It chanced, however, that in this aid from the East, Kansas City was in the position of only borrowing what she herself had given the East. Daniel H. McFarland, campaign manager for the Town Development Company, who directed the campaign here, is a former Kansas City boy and consequently brought an added enthusiasm for his work.

Mr. McFarland's parents, Mr. and Mrs. James B. McFarland, live at 2703 East Twenty-seventh street. He was an old Central High school student of the class of 1900, and graduated from the University of Missouri in 1905. He engaged in newspaper work in Kansas City, Columbia, Mo., Maryville, Mo., Okmulgee, Ok., and elsewhere, finally joining the Town Development Company as publicity man, gaining promotion three years ago to campaign manager.

At the close of the Chamber of Commerce membership campaign the services of the Town Development Company were offered to the Liberty Loan committee. Mr. McFarland's services were utilized in organizing the chamber forces for the district canvass of the entire city.

Britain Gets Another Loan.

Special to The Democrat-Forum.

Washington, Oct. 29.—The treasury department today advanced twenty-five million dollars to Great Britain, bringing the total loans to the Allies up to $2,851,400,000.

Mrs. Joe O'Donnell of Arkoe and Miss Ella O'Grady and Miss Vannie Knobbs of Maryville went to St. Joseph Saturday for a short visit.

James Anderson, who is employed in the John S. Brittain Dry Goods Co. store of St. Joseph, spent Sunday in Maryville with his parents, Mr. and Mrs. Louis Anderson.

1-4 MILLION BONDS

NODAWAY COUNTY'S SHARE IN LIBERTY LOAN $253,700.

ALL TOWNS REPORTED

Final Drive of Last Two Days Added More Than $50,000 to Total— Many Farmers Subscribed.

Total bonds sold	$253,700
Maryville	122,250
Ravenwood	21,300
Guilford	5,000
Arkoe	1,000
Barnard	15,000
Burlington Junction	28,000
Clearmont	4,100
Clyde	2,000
Conception Junction	1,100
Elmo	6,400
Graham	6,900
Pickering	2,200
Hopkins	24,800
Parnell	8,600
Skidmore	19,750
Quitman	500

Nodaway county subscribed to the second issue of Liberty bonds to the extent of $253,700, the final days of the campaign bringing the total to a larger figure than was expected. Less than $200,000 had been reported on last Friday and on Saturday bankers and merchants got busy with their farmer friends. Almost every bank in the county is represented in the above list of towns, the banks being authorized solicitors for the bonds in addition to being subscribers themselves.

Federal reserve banks were struggling today under an avalanche of last minute subscriptions to form some idea of the grand total, says a news dispatch from Kansas City. Indications are that they will not complete their tabulations for several days.

At least 8 million persons throughout the country wrote their names on application blanks. How many more did so will not be known until the final count, several days hence. The number may go as high as 10 million.

Each of the twelve districts appeared to have passed its minimum and indications were that most of them had exceeded the maximum as well.

A REMARKABLE SHOWING

High School Football Team Gets Favorable Mention From Kansas City Star's Sport Editor.

The Maryville High school football team was mentioned in the Sunday Kansas City Star in their column "Over the Cross Bar." Loren Egley of the High school team was placed among the ends who are showing up well. Speaking of the Maryville-Savannah game, the Star says:

Maryville High school defeated Savannah High, 46 to 6 Friday on the Maryville State Normal athletic field. Maryville gained nineteen first downs, while Savannah was making eleven. This is the first victory that the Maryville boys have won this year, but their showing is remarkable when the fact that they have had no gridiron sport in their school for twenty years is taken into consideration.

Michaels Has Resigned.

Special to The Democrat-Forum.

Amsterdam, Oct. 29. — Chancellor Michaels has resigned and his resignation was accepted by the Kaiser, is the report reaching here today.

Farms Change Hands.

The sixty acre farm, three miles northeast of Graham belonging to William Smith, was sold Saturday to Phillip Kleaber, while Mr. Smith purchased the Peter Imboden farm of 143 acres, located five miles southeast of Skidmore. Harve Pope of Maryville purchased fifteen acres of the Imboden farm of Mr. Smith. The deals were made through A. J. Cox of Maitland.

Will Hold Lodge of Instruction.

J. R. McLachlan, grand lecturer of the Grand Lodge A. F. & A. M., of Missouri, will hold a lodge of instruction in Maryville, Monday and Tuesday, November 12 and 13. He will visit the Maitland lodge, November 7 and 8 and the Hopkins lodge, November 9 and 10.

Elbert Pence, Floyd Coulter, Lafe Watson, Dale Bailey and Tony Bears of Camp Funston, spent Saturday and Sunday with relatives in Clearmont.

Mr. and Mrs. G. L. Wilfley went to Kansas City Saturday to attend the convention of Christian churches.

GARRETT HDW. SELLS OUT

W. O. Garrett Disposes of Interest to Chillicothe Firm — Will Go Into Hog Business.

Sawyers & Ingel of Chillicothe, Mo., have purchased the Garrett Hardware store and will take possession December 1. W. O. Garrett of the store has purchased an 80-acre farm one mile from Chillicothe and intends to move there soon where he will engage in the hog business.

Sawyers & Ingel have been in business in Chillicothe. They will move to Maryville soon. The deal was made by G. B. Holmes.

Henry Allen Back From France.

Special to The Democrat-Forum.

Wichita, Kan., Oct. 29.—Henry J. Allen, editor of the Wichita Beacon, who has been to France as a special Red Cross inspector, got home today. He will return soon to France. The trip was very satisfactory.

Negroes in Troop Train Wreck.

Special to The Democrat-Forum.

Lebanon, Mo., Oct. 29.—A score of drafted negroes are in the hospital here today as the result of the wreck of a troop train yesterday. Four cars jumped the track an drolled down a fifteen foot embankment. About sixty were injured, but none were killed. The train carried five hundred drafted negroes from various places in Oklahoma enroute to Ohio.

ITALIANS IN ROUT

ALLIES HURRY PREPARATIONS TO GO TO ITALY'S AID.

TEUTONS HORDE PUSH ON

100,000 Prisoners and 700 Guns Now In Hands of Huns—Were Outnumbered Four to One.

Special to The Democrat-Forum.

London, Oct. 29.—The Allies are going to Italy's aid thoroughly alarmed by the smashing advances by the Mackensen forces. England and France are today acting to save the situation. A Paris dispatch today said that the cabinet with the president presiding sat until a late hour considering Italian problems, and while no announcement of any kind will be made as to the nature of the step the Allies will take, the belief was expressed by competent military men today that Cadorna was forced to withdraw to Goriza to save his army, the Italians being outnumbered four to one. Rome reports say that Cividale is in flames with the Teutons having left the ruined town and pressing toward Undine, an important Italian base. Today's reports are that approximately 160,000 men and 700 guns are now in the hands of the Huns.

Cividale is a town of about 5,000 in Friuli, nine miles northeast of the important railroad center of Udine. It is near the entrance to the valley of the Natisone river, along which the Austro-German forces that broke the Italian line in the Tolmino region have battered their way.

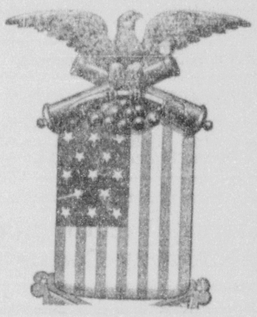
Retired Across Isonzo.

Amsterdam, Oct. 29.—The occupation of Gorizia this morning by Austro-German forces is announced in an official dispatch from Vienna. The Italians are said to ahve retired across the Isonzo.

Mrs. C. W. Ray and daughters, Margaret of Pine Bluffs, Wyo., are visiting at the home of Mrs. John McDowell and other relatives in Maryville. Miss Margaret will attend High school here during the winter.

Among the boys who returned from Camp Funston to spend Sunday the following were Skidmore boys: Walter Patterson, Albert Linville, Reuben Hall, Clyde Collins, Maurice Thompson and Earl Sweiggert.

Mrs. Will Farnan visited last week with her parents, Mr. and Mrs. James Brady of Conception.



READY FOR WINTER

U. S. TROOPS IN THE TRENCHES PREPARED FOR CAMPAIGN.

FIRST SHOT CAUSED JOY

London and Paris Hears News of Sammies Advance to Firing Lines With Much Pleasure.

Special to The Democrat-Forum.

American Headquarters in France., Oct. 29.—The first snow of the season in the sector where the Sammies are located fell Saturday night, the snow soon changing to rain. To date it has rained every day since the Americans took positions on the first line of trenches, however, everything has already been made ready for the winter campaign and the Sammies are not suffering much from the weather. No communique has been issued from American headquarters which is taken to indicate that quiet has reigned along the sector occupied.

It's Big News to London, Too.

London, Oct. 29.—News that the American troops have fired their first shot of the war on the Western front took place of honor in the Sunday papers with the first American official statement from Paris.

The announcement was received with great enthusiasm by the American congressmen who are here. They said it would carry profound satisfaction to the people of America.

First Shot Caused Joy in Paris.

Paris, Oct. 29.—The first American communication announcing the presence of American troops in the trenches on the battle front to which Foreign Minister Berthou made reference Thursday night, is printed prominently in all the morning papers. The newspapers in editorial articles express joy over the announcement.

ITALIANS REFUSED TO FIGHT

Report That Certain Units Quit Position Proves to Washington That German Agents Are At Work.

Special to The Democrat-Forum.

Washington, Oct. 29.—Admission that certain Italian units have abandoned their positions on the Italian front without fighting, thus allowing the entire Italian line opposing the Austro-German advance to be crumbled, caused grave concern in official quarters here today. It was accepted as a complete evidence that German agents have been operating to spread disloyalty in Italy's army along lines which proved so successful in Russia. The Italian Embassy refused to discuss the reports. They did insist, however, this was confined to a small portion of troops on the front.

Death of Colored Woman.

Mrs. Dorel Carriger (colored), died Sunday morning at her home 115 West Eighth street, after a several weeks' illness of a complication of diseases. No funeral arrangements have been made.

John Graves and Walter Mendenhall of Burlington Junction were in Maryville on business Saturday.

Sedalia "Drys" To Try Again.

Special to The Democrat-Forum.

Sedalia, Mo., Oct. 29.—Defeated in the recent local option election by a majority of 743 out of about 4,000 votes cast, Sedalia "drys" today are preparing for their next campaign. The result was surprising as the "drys" were confident of victory and many "wets" conceded their defeat offering to close up if the election was called off. The "drys" blame a negro ward which went wet by a big majority.

Dewey Saunders spent Sunday in Albany with friends.

ONLY GOOD DAILY PAPER THAT HAS NOT RAISED ITS SUBSCRIPTION PRICE YET

The St. Joseph News-Press Is About the Only One in This Section of the Country That Can Still Be Had at the Old Rate of $3.00 Per Year.

With one exception—the St. Joseph News-Press—the metropolitan newspapers in this section, have followed the general tendency to raise prices and have increased their mail subscription rates. The enormous increase in white paper and all other materials for publication of newspapers is the occasion for the advances, which have ranged from 33⅓ to 100 per cent. Kansas City papers that were $3.00 and $5.20 are now $4.20 and $7.80. Topeka papers which were $4.00 are now $4.80 and $5.00. Des Moines papers formerly $2.00 are now $4.00. Omaha papers that were $2.00 and $4.00 are now $3.00 and $6.00. Lincoln papers that were $3.00 are now $4.00. St. Joseph dailies, with the exception of The News-Press, have gone from $3.00 to $4.00. The St. Joseph News-Press has not raised its price and is still $3.00 per year by mail. This paper has endeavored to meet the increased cost of paper by economies in its circulation department and has dispensed with its traveling collectors, relying upon its subscribers to forward their subscriptions when due.

The News-Press continues to be as it has been, an excellent daily newspaper giving the news of the world. It has many interesting and important features and an accurate and complete market report. The News-Press cartoons are widely copied and its editorials are accepted as substantial, patriotic expressions of sound American views.

No increase in subscription price has yet been announced, but with the steadily rising markets it is impossible to say how long the old rate will continue. Those who want a thoroughly high-class, independent, patriotic American newspaper with the complete news of the world and commercial markets, should subscribe promptly at the old price of $3.00 per year. Check or money order.—Adv.

Emery Miller, who enlisted a few days ago with the Aviation Section of the Signal Corps, left Saturday for Jefferson Barracks.

MEMBER OF UNITED STATES FOOD ADMINISTRATION

FEED THE SOLDIERS IS SLOGAN.

Missouri Family Signing Card to Receive Honor Card.

Save the food to feed the soldiers.

This is the slogan of thousands of campaign workers who, in the week of October 28 to Nov. 4, throughout the nation will carry the gospel of food economy and substitution into millions of American homes.

A family which enrolls its members to voluntarily cooperate with the United States Food Administration, becomes a member of the federal organization and receives a window card signifying the membership. The card bears in gold relief, a golden oval upon which boards of ripened wheat are shown. In the center of the plaque is an American shield, bearing the Stars and Stripes.

The same design has been made into a button, which individuals signing the pledge are entitled to wear.

STARVING NOT THE AIM.

Food Pledge Explained By Federal Administrator Mumford.

Federal Food Administrator for Missouri, Dean F. B. Mumford, of the College of Agriculture, in a statement before the food conference at Jefferson City, made clear some of the purposes for which the family food enrollment campaign is to be carried out in Missouri the week of Oct. 28 to November 4.

"It is not true," said Commissioner Mumford, "that we are being asked to starve ourselves, but the United States is calling upon the people of Missouri to help in this problem, by signing this simple pledge which carries no compulsion. There is no longer any doubt that there is a world scarcity of the four commodities—wheat, meats, fats and sugar. The United States is the only source of supply at the present time for these great commodities, so far as the neutrals, allies and ourselves are concerned. So there is no question that America will be called upon to export great quantities of these commordities We cannot export them unless we conserve and use a smaller amount than we have ever used before.

EUROPE'S FOOD CRISIS.

America's Saving Can Relieve Starvation and Misery.

Americans, Allies and the neutral nations of Europe who look to us for bread are facing the bitterest disappointment as the figures on the available supply of wheat become known.

Our crop this year, according to federal estimates, amounts to 659,797,000 bushels. Our habit of consuming five pounds of bread, per individual, each week, will consume of this crop, the enormous figure of 494,830,000 bushels. Seed requirements take 87,271,000 bushels more. That leaves as our contribution to Europe, only 77,696,000 bushels. Canada will add 120,000,000 more, so North America has available, for European consumption, less than two hundred million bushels.

But that is only one-third what Europe would expect in normal times. Great Britain, France and Italy are enforcing the strictest food measures. Even then, she faces a shortage of 400,000,000 bushels of wheat which means starvation to thousands, and actual misery to millions.

America can relieve this tremendous shortage at only a very little sacrifice for herself by economizing and conserving her bread.

HOOVER BLAMES RETAILERS.

Food Administrator Says Prices Are Too Far Apart.

Washington.—Food Administrator Hoover announced that, subject to cooperation from the farmers and retailers, the corner has now been turned in high prices for food. He said retail prices had not come down to conform to wholesale reduction and that was a matter for public sentiment to correct.

The administrator's statement follows:

"The food administration considers that, subject to co-operation from the farmers and the retailers, the corner now has been turned in high prices and that most of the essential commodities should one after another continue to show reductions between now and the end of the year.

"The current prices at which flour is being sold at the mill door in jute bags vary somewhat with the locality and freight charges on wheat.

"The average retail prices on first patents in 786 cities on Oct. 13 was $13.77, or from $1.50 to $2 per barrel higher than is warranted by the price being made by the millers."

READY FOR TEACHERS

WILL COST MORE TO TRAVEL

Every Railroad Ticket Will Be Taxed to Help Swell the Government's Big War Fund.

Special to The Democrat-Forum.

St. Louis, Oct. 29. — Beginning Thursday it will cost more to travel. An increase of 8 per cent in passenger rates and 3 per cent in freight rates in Missouri will go into effect November 1, when the new government war tax on transportation charges becomes effective.

An additional tax for sleeping and observation car accommodations are also included in the tax.

Taxes are excluded for trips of 40 miles or less and for tickets costing no more than 35 cents. There is no exemption on amount and distance for freight charges.

Circus and theatrical trains are excluded, however, because they are affected by other provisions of the revenue bill.

The tax will be collected by the railroad ticket agent when he sells the transportation. It is estimated by one railroad that it will collect over $2,000,000 a year for the government on the new tax. The increase will be general throughout the nation.

Real Estate Transfers.

List of instruments filed in the recorder's office in Nodaway county, beginning October 20, 1917.

Fred Herbert to Harry W. Bollinger Ex. lot 5, block 39, Hopkins, $1,050.

TARKIO MAN IS CORN KING

W. F. Rankin Raised 680,000 Bushels This Year On His Farm in Atchison County.

Special to The Democrat-Forum.

Jefferson City, Oct. 29.—The "American King of Corn Farmers," is a Missourian.

He is W. F. Rankin of Tarkio. He raised 680,000 bushels of corn on his farm this year.

This is the largest corn crop raised in the United States by a single farmer, according to Jewell Mays, secretary of the State Board of Agriculture.

PURPOSE AND OBJECT OF FOOD CAMPAIGN.

The United States must feed its own armies, the armies of the allies, and millions of the citizens of the allies. Because the war has so stopped production of food stuffs, destroyed so much food stuffs, and in addition, owing to transportation problems, the United States is the only nation in the world that is possibly able to furnish the allies food in any quantity.

On account of transportation difficulties, we can ship only the most staple necessities, which stand long voyages under adverse conditions without waste of spoilage, and which pack and handle easily. This narrows it down to Wheat, Rye, Pork and Pork Products, Meat and Sugar, and it is a fact and not a theory that the only way we can find in this country enough of these things to furnish the export necessities is by saving them. That is by each person in this country cutting out all waste of them and also stopping the use of them themselves to a considerable extent, and substituting other foods for them.

In Europe they handle the food situation by force of the state, which is Autocracy, but we must demonstrate to the world that we can do this thing by voluntary self-denial of our people, which is Democracy.

Statistics show that the average weekly consumption per person in the United States is five pounds, and if by a little self-denial of each one of us, we succeed in saving a pound of wheat a week per capita, you can readily see that this small amount, multiplied by 52 weeks of the year, and then by 100,000,000 people, gives an enormous amount of saving, which Mr. Hoover says will be enough to meet the export demand.

The same holds good as to pork, lard or sugar, for a pound of pork saved by you today means another pound for export, and a teaspoonful of lard or sugar per day per person would result about the same way.

We don't ask you to stop using these things, only to cut down a little and use substitutes, which you can do easily, and it's a very small sacrifice to make when you know that millions of people are starving today in Europe, and that they and the armies of liberty must be fed. Wake up, sign the food pledge and keep it.

F. P. ROBINSON,
County Chairman.

LONGING FOR A CHILD

Young Wife Almost in Despair. Now has Beautiful Baby Girl.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. Lydia E. Pinkham's Vegetable Compound has brought joy to many childless women by restoring them to normal health. Here is a notable case.

Omaha, Neb.—"I suffered from female troubles when I was seventeen years old. At eighteen I was married and my trouble was no better so I consulted a physician who said that there was not much I could do and I could not have children. I read of Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has proved worth its weight in gold to me for I am not only well but have a baby girl, so when I hear of any woman suffering as I was I tell her of Lydia E. Pinkham's Vegetable Compound."—Mrs. W. HUGHES, 19 Majestic Apts., Omaha, Neb.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

HIGH SCHOOL NOTES

By Garland Miller.

The staff for the "High School Opinion" has been selected and has already begun work. The paper will be published some time within the next two weeks. Anyone desiring a copy may see business manager, Charles Bellows. Last year the paper was sold only by single copies. This year it will be sold by single copies and by yearly subscriptions. The single copies will sell at ten cents each and the yearly subscriptions for fifty cents.

Last week four students canvassed the school for subscriptions and practically every student subscribed. The alumni who are attending the Normal and the business men also make a good showing on the annual subscription list.

The paper this year will be even better than last year for the students are taking more interest in it and are getting into the habit of contributing to it.

The Advanced Seniors of this year elected to have their graduation jewelry in the shape of rings instead of pins. The school pin will be made on a signet ring and will be of 14-karat gold. The rings have been ordered and will arrive next Wednesday or before.

The Advanced Seniors are also planning a series of assemblies the first of which will be given next week.

The beginning seniors are getting up an old fashioned county fair to be given Saturday night, November 3. No admission is charged, except to get into the side shows. The proceeds will be used for expenses incurred during the track meet and for various school purposes.

FALL FESTIVAL PROGRAM

List of Attractions Includes Some of the Best Numbers on the Lyceum Circuit.

Interest is rapidly growing in the Lyceum Festival program which will commence here during the first or second week of November. The festival will last five evenings, in succession, excepting Sunday.

The program includes "Little Women," that story which has completely captivated crowded houses in New York, Chicago and San Francisco. Marie Pavey herself, will be in the cast of thirteen players, who come here. She played the part of "Jo" in the original New York production and has no superior. Two of the other players also appeared in William A. Brady's company.

Everett Kemp, "the man with the million dollar laugh," will present "Seven Oaks," "That Printer of Udell's," or "The Music Master." Mr. Kemp is a famous monologist, a great comedian and brings to his audiences that rare treat, pure fun.

The Ridgeways! Such a musical program. Variety, vigor, snap, and precision, aided by the charm and attractiveness of four talented girls.

From the trenches of Europe where he was given a medal for his untiring work and bravery, Lieutenant Robert Bowman brings the story of the great struggle, relating first-hand stories of the German atrocities, gives incidents of the war which the newspapers and magazines have not published, and presents a new vision of the war, inspiring his audience to the highest pitch of patriotism.

The Plymouth Singers of five members comprise a company that will bring joy, happiness, patriotism and merriment to the great program.

Jane Dillon's work is a revelation. Her power is wonderful. Whatever your present opinion about your interest in a reader, listen to Jane Dillon and you will sit enchanted, enthralled and enraptured and go away pronouncing her program the most wonderful you ever heard.

All in all, it is a program to interest both old and young. An unusual amount of comedy will be found in the program, with plenty of happiness, much patriotism, lots of good, wholesome sentiment and lofty thoughts. It is a program arranged essentially to make a Festival week for Maryville and one that everyone will thoroughly enjoy.

Safety razor blades, machine sharpened. Better than new. Here short time at Maryville Drug Co.

Mrs. Frank Welch of Shenandoah, who has been visiting Dr. and Mrs. L. E. Dean left this morning for her home.

Dr. D. J. Thomas

Mrs. Nellie Alden was hostess at a dinner party given yesterday at her home in Maryville. Covers were laid for Mr. and Mrs. John Young of Pickering, Mrs. Charles McKee and daughter, Hazel, of Hitchcock, S. D., Mr. and Mrs. Al Royston, Mrs. S. C. Alden, S. Carmichael and the hostess.

Dinner At Goodens.

Mr. and Mrs. Cooper Gooden were host and hostess at a 12 o'clock dinner given yesterday at their home on East First street. Covers were laid for Mr. and Mrs. Samuel Craven, Mr. and Mrs. Artie Craven and daughter, Mrs. Preston Seafers, Mrs. Fred Curfman, Ernest Welborn and the host and hostess.

Sunday Dinner.

Mr. and Mrs. John A. Sparks entertained at 12 o'clock dinner Sunday. Covers were laid for the following: Mr. and Mrs. Benjamin Bosch, Mr. and Mrs. C. O. Thomas; Misses Lois, Mildred and Thelma Bosch, Verna Cort, Estelle Thomas, Blanche Rigney and Iva and Faye Sparks; Leonard, Henry and Bryan Bosch, and the host and hostess.

Sunday Dinner Party.

Mr. and Mrs. Sumner Shockley entertained at 12 o'clock dinner yesterday in honor of J. L. Shockley of Ethel, Wash., and Mrs. Will Harting and little daughter, Thelma Ilene, of Jamestown, Ind. Covers were laid for Lillburn Grimes, Mr. and Mrs. D. S. Moody and little daughter, Hazel, Mr. and Mrs. Charles Shinabargar and daughter, Roena, Mr. and Mrs. Will Ramey and children, Ruth, Truman, Opal, Nina Marie and Helen, Lawrence and Arthur Charles, John and Glenn Shockley, the guest of honor and the host and hostess.

Dinner At Allens.

Mr. and Mrs. Ben Allen of Harmony, entertained at dinner yesterday the following guests: Mr. and Mrs. Jim Craven, Mr. and Mrs. Milo Torrey, Mr. and Mrs. Will Saunders and son, Herschel, Mr. and Mrs. Edmund Harvey, and family of Pickering, Lee Van Buren of Kansas City, Kan., Mr. and Mrs. Robert Craven and Mrs. Anna Stauble of Maryville and Mrs. Charles Lyons of Westminster, British Columbia.

Entertained At Dinner.

Mr. and Mrs. C. M. Howard entertained at twelve o'clock dinner Sunday in honor of Mrs. Howard's brother, Hiram Woodford and Mrs. Woodford of Lincoln, Neb. The other guests were Mr. and Mrs. O. L. Shell, Mr. and Mrs. William Bush, Mr. and Mrs. Henry Howard and family, Clint Buckallew of Burlington Junction, Miss Alberta Howard, Miss Elizabeth Howard, Bennie and Russell Howard, and William Woodford of Sheridan.

Preparedness Club Meets.

The members of the Preparedness club were delightfully entertained Friday afternoon, October 26 at the country home of Mrs. Levi Wallace. The members present were: Mrs. Hamilton Hasty and son, Claude, Mrs. P. H. Farrens and sons, Harold and Beverly, Mrs. J. C. Chestnut, Mrs. R. L. Chestnut, Grandma Belcher, Miss Mayme Porterfield, Hazel Wallace, Mrs. L. Clary, Mrs. Maggie Willis, who is the guest of Mrs. Levi Wallace, Mrs. Richard Crawford, of Erick, Okla., who is visiting Mrs. J. C. Chestnut. A delicious luncheon was served by the hostess, assisted by her daughter, Anna Hazel.

Surprised, Saturday Night.

Mr. and Mrs. J. A. Adams were pleasantly surprised Saturday night when a number of their friends and relatives came with well filled baskets to spend the evening. A delicious luncheon was served in cafeteria style. Mr. and Mrs. Adams were presented with a beautiful dining table. Those present were Mr. and Mrs. J. M. Lockhart, Mr. and Mrs. Noah Duncan, Mr. and Mrs. Lon Thompson and four children, Mr. and Mrs. Earl Duncan and daughter, Lucile, Mr. and Mrs. Harve Thompson and four children, Mr. and Mrs. Bert Kelley, Mr. and Mrs. Clint Adams, Mr. and Mrs. Mart Adams and three sons, Mr. and Mrs. Robert Adams and son, Dora Lockhart, Joe, Glen, Thomas, Rolla and Fred Adams.

The New Method.

Backache of any kind is often caused by kidney disorder, which means that the kidneys are not working properly. Poisonous matter and uric acid accumulate within the body in great abundance, over-working the sick kidneys, hence the congestion of blood causes backache in the same manner as a similar congestion in the head causes headache. You become nervous, despondent, sick, feverish, irritable, have spots appearing before the eyes, bags under lids, and lack ambition to do things.

"The latest and most effective means of overcoming this trouble, is to eat sparingly of meat, drink plenty water between meals and take a single Anuric tablet before each meal for a while," says the famous Dr. Pierce of Buffalo.

Simply ask your favorite druggist for Anuric if you aren't feeling up to the standard. If you have lumbago, rheumatism, dropsy, begin immediately this treatment with Anuric.

A KANSAS CITY MOTHER

Kansas City, Mo.—"Dr. Pierce's Favorite Prescription is really a splendid tonic for women. I have taken it on several different occasions and it has always given me comfort and relief. It is perfectly wonderful in expectancy as I know by personal experience. I took it and felt so fine and well that I was able to work until five hours before, and that day I did my family washing before lunch and all afternoon was in the cornfield picking corn. Baby weighed ten pounds, a strong, healthy boy. I had three children before my 'Pierce' baby—that was before I knew about 'Favorite Prescription.' The 'Prescription' surely robs motherhood of its terror."—Mrs. SUSAN SMITH, 2730 S. Jackson Street.

ANY MAGAZINES TO SPARE?

Public Librarian Asks For Books and Other Literature to Send to Soldiers in Training Camps.

Have you any books or magazines that you have read and are done with?

"The men in the training camps need books and current magazines for study, recreation and diversion in lonely moments," says Miss Grace Langan, public librarian. "We can help them by donating books and magazines which will be forwarded to the army camps, the front and the hospitals.

"Any good magazine," says Miss Langan, "will be acceptable." The following list is good and is merely given as suggestive of others in the same class which might be added

Colliers, Century, Current Opinion, Electrical Experiments, Independent, Illustrated Edition of the New York Times, Literary Digest, National Geographic, Outlook, Popular Mechanice, Saturday Evening Post, System, World's Works, Leslie's, Scribner's, American, Review of Reviews.

The following group will suggest the field of books that are needed:

"Books on war, Popular Travel, History and Biology are desired. Of good fiction, poetry and drama can never be too much. Certain kinds of fiction are more in favor than others. These are the detective stories, adventure, romance, sea stories, standard and modern novels, including the historical novels and good collections of short stories. Single volume plays, especially Shakespeare, are enjoyed and poetry, songs and song books. Any readable book in good condition and well printed will appeal to the soldiers, as there are men of varying tastes among them. All books and magazines should be sent to the public library this week. They will be assorted and shipped to the training camp the first week in November."

CHILDREN Should not be "dosed" for colds—apply "externally"—

"A SCHOOL FOR HUSBANDS."

Fannie Ward Is the Chief Instructress in Film at Empire Tonight.

Wives and prospective wives may take their husbands and prospective husbands to the Empire Theatre this evening, where there will be "A School for Husbands," with Fannie Ward, the screen favorite as chief instructress.

In this swiftly moving farce-comedy, Miss Ward has a wonderful opportunity to display her talents as a comedienne, for which she was celebrated on the stage. Beginning as a priggish, puritanical wife whose parted hair and glasses are a source of constant annoyance to her sportively inclined husband, Miss Ward blossoms forth as a veritable society butterfly under the spur of jealousy and teaches her erring spouse a well-deserved lesson. Jack Dean, Frank Elliott, Mabel Van Buren, Edythe Chapman anf James Neill are among the supporting cast in this screamingly funny picture.

DEMOCRAT-FORUM Classified Ads

ARE TWO PHASED

You have to lead a hermit life to get away from the almost daily need of Democrat-Forum Classified Advertising. For it's come to mean real service—to stand for short cuts in so many phases of daily life. Democrat-Forum Classified Ads do more odd jobs than all the odd job men in the city—greater errands than messenger boys—and make sales that cannot be made economically in any other way.

RATES IN THIS COLUMN

Classified ads running three days or more will be inserted in this column for one-half cent per word each insertion. No ads taken for less than 25c for three days.

Ads running less than three days or interrupted insertions, 1 cent per word each insertion.

Count the words; send money with the order. Ads should be in by 12 o'clock to insure insertion in this column same day.

These prices are for cash with order. An extra charge of five cents will be made on all want ads when cash does not accompany the order.

WANTED—To repair and recharge your storage batteries. Rental batteries for you car while yours is being repaired. Exchange your old batteries in on new ones. Willard Storage Battery Service Station, both phones. J. L. Fisher. 9tf.

Sign The Food Pledge.

"The nations which win the war may not be the ones which are best equipped with men and guns and ammunition but it may be the ones which are best equipped with food." This is the statement of a man who is familiar with world conditions today. In this brief statement is the reason for signing the food conservation pledge and carrying out its provisions.

"Meat, wheat, fats, and sugar are scarce," said Dean F. B. Mumford, of the University of Missouri College of Agriculture, who is Federal Food Administrator for Missouri, today. "The principal supply of these foods for the world must come from America. Based on normal consumption America has a limited amount of these foods to supply. It is easily possible, however, for the average American to reduce his consumption. If each person will do this the needs of the world will be supplied. To accomplish conservation of these materials the United States Food Administration is asking that every man, woman and child sign a pledge to consume less of these foods."

In discussing ways in which conservation could be effected Dean Mumford compared sugar consumption in the United States with that in the belligerent nations. The normal yearly consumption of sugar in the United States is about 90 pounds per person. In the countries at war the present consumption of sugar is 21 pounds per person and the people of those countries are not suffering. "If European people can get along with 21 pounds we certainly can reduce our consumption to 60 pounds," said Dean Mumford. "In that way we can conserve food for the soldiers who are fighting for us.

"The purpose of the pledge campaign is to advise people of the food needs of this country and to suggest ways in which the food supply can be conserved," said Dean Mumford in explaining the purpose of the pledge. "It is not the policy of the Food Administration to suggest changes that will cause distress and suffering, but to provide against such difficulties in the future. If we can get the cooperation of all the people in this country in effecting this conservation, the dark days of want and suffering which have come to so many European nations may be avoided in our country."

You Can Shake Loose from The Tortures of Rheumatism

By using S. S. S.

The germs of Rheumatism are in the blood, which is laden with millions of the minute demons of pain, causing untold suffering and bringing its victim from vigor and strength to almost helplessness. To get real and genuine relief from this disease, these disease germs must be completely routed out of the system through the blood.

S. S. S. has been used for fifty years with satisfactory results in the treatment of Rheumatism. It acts directly upon the blood, which it promptly purifies of all disease germs. It is a powerful antidote, and eliminates from the blood all trace of rheumatic germs, building up and strengthening the run-down system.

Write to-day to our medical director, who will give you valuable advice regarding the proper treatment of your own case. Address Swift Specific Co., Dept. I Atlanta, Ga.

THE DIFFERENCE PLEDGE WILL MAKE

Some Pertinent and Timely Questions Concerning the Food Conservation Campaign.

1. What is the purpose of the Family Enrollment Campaign?

To give every food consumer in the United States a chance to support the war policies of our government by supporting one of the most important branches of our government — the Federal Food Administration.

2. What is required of me, if I sign the pledge list?

Nothing is REQUIRED, but it is expected that every signer will do his best to save foods, particularly wheat, meat, fats, and sugar. It is expected that every family will make it a family problem to figure out ways and means of helping to save foods.

3. Why are the men and children asked to enroll?

Because they are food consumers. The people who do the eating must do the saving—the housewife cannot do it alone. No red-blooded man will expect his wife, mother or sister to do the saving for the whole family. She can be depended on to do her part, but she's entitled to the support of her family.

4. Why should we save food at all?

Because the actual world production of wheat, meat, fats and sugar is not enough to feed our army, our people at home and our allies. The only way to get enough food is to save what we have produced.

5. Why should we be interested in feeding our allies?

Because the day we stop feeding our allies, we sign the death warrant for a large part of our half million of American boys who will soon be at the fighting front and the other half million who will shortly follow them. Let our allies starve and our boys will have to fight alone. Is there any patriotic citizen of this country who will voluntarily choose to have our army face the Kaiser's fighting machine single handed, just for lack of a little help and personal sacrifice on the part of those of us who are permitted to stay at home?

6. How great is the food shortage at the present time?

We do not have actual figures on meat and fats, but we know positively that we are far below the actual need and the situation is not improving. We have figures on wheat and sugar. With a normal consumption at home, we will have 77,500,000 bushels of wheat to send abroad this year. We actually need 400,000,000 bushels for export. We normally have no sugar for export. This year we must find 100,000 tons before January 1.

7. Is it possible under any food saving plan for us to save such enormous amounts of food?

Yes, it is very easily possible. For example, we here in America use 90 pounds of sugar apiece per year; in France, they use 21 pounds apiece. We can save many times the export needs in sugar before we reach the French standard. Remember there are a hundred million people in our country and if every person will save a teaspoonful of sugar at each meal, there will be plenty of surplus sugar for export. We have a bountiful crop of potatoes and corn this year. A liberal use of both to take the place of wheat wherever possible will give us all the wheat needed for export.

8. What difference will it make if I do not sign the pledge list?

You know the eagerness with which every one of us watches the papers for indications of failure on the part of the German people to support their government. You know it means a weakening of the German military power. The "Imperial Government" is watching with equal eagerness for evidences of failure among our people to get squarely behind their government in all of its war policies. He knows that a solidly united America means a speedily defeated Kaiser.

9. What expense will there be to me if I sign the pledge?

Not one cent. It is merely expected that every signer will do his utmost to follow the instructions of the Federal Food Administration in conserving foods. Instead of costing anything, it will actually mean a saving to every family.

10. What is the chief difficulty confronting this great food saving campaign?

The chief difficulty lies in the fact that so little is asked of the people that many think it not worth while. Remember there are a hundred million people in America, and if each person will do just a little, the result will be an enormous saving of foood. But in spite of our one hundred million people, if everyone decides to let the "other fellow" do the saving, the result will be a disgrace to America and to our great American ideal of democracy.

COUNTY CHAIRMEN NAMED

F. P. Robinson Selects Assistants to Aid in Work of Securing Hoover Food Pledges.

The organization for Nodaway county to aid the food administration in its efforts to conserve the food supplies is practically completed and Friday has been set as the day when the workers will secure pledges from the people. F. P. Robinson is county chairman and Miss Jessie Parcher, vice-chairman. The additional members from Polk township are County Superintendent Bert Cooper, E. M. Claypool and Dr. H. S. Rowlett.

The members selected to have charge of the work in townships are:

Union—W. C. Smith.
Grant—L. B. Campbell.
Monroe—Hi Montgomery.
Hopkins—W. L. Moorhead.
Lincoln—Z. R. Alexander.
Atchison—Roy Hanna.
Jefferson—James Enis.
Green—Fred Wright.
Nodaway—Mrs. M. L. Sewell.
White Cloud—Samuel Corrough.

Hughes, Washington and Jackson will be supplied later on.

The pledge to be signed is as follows:

"To the United States Food Administration:

"I pledge myself to use the practical means within my power to aid the Food Administration in its effort to conserve the food supplies of he country, and, as evidence of my support, I wish to be enrolled with yourselves as a volunteer member of the Food Administration. There are no dues or fees."

KERENSKY ONCE A "SUSPECT"

Czar's Secret Police Had Watched the Present Ruler of Russia for Months.

Petrograd.—When the revolution broke out in Petrograd the police stations were fired. The crowds joined in the firemaking.

No one seemed to realize that the records of the "Black Hundred" would be of more use in existence than in ashes. Any attempts of souvenir-seeking onlookers to seize any of the documents from the bonfires met with resistance.

A bank clerk was in the crowd around one of the fires. Among the books and papers dumped into the blaze he saw a dossier marked "Kerensky." He seized this and made a speech that persuaded the crowd that the Kerensky record ought to be saved.

Recently the bank clerk presented the dossier to Kerensky. It consisted of several hundred pages and showed that the secret police had been following him night and day for six months.

BOY GOES THROUGH SEWER

"Don't Tell Mamma," Was Youngster's Plea, After Most Remarkable Trip Through Pipes.

Washington, D. C.—Sucked into a dirty sewer and carried through underground pipes, Joseph Moran, twelve years old, was pulled from the sewer a mile away, unhurt.

"Don't tell mamma, she'll spank me for getting my clothes wet," was the youngster's only comment after his perilous trip.

The boy was wading in a gutter near his home when he stepped into a manhole hidden by the muddy, swirling water. He had disappeared when neighbors reached the spot.

The rescuers hurried on to the next manhole, a mile away, where they hoped to recover the boy's body. They had probed with long poles for a few minutes when the lad appeared, reached up and was pulled out. He was not injured in any way and not even frightened, except with the thought of his mother's punishment.

NOW FOR CAMP FUND

MUST PROVIDE CLEAN SURROUNDINGS FOR MEN IN CAMP.

NODAWAY'S SHARE $640

Committee Is Ready to Receive Donations and Expect to Have the Fund Oversubscribed.

Moral protection for the cream of American manhood now gathered in the training camps of the United States is an absolute necessity for the preservation of the whole moral tone of the Nation, a life, according to Secretary of War Baker, whose appeal to the people of Nodaway county is being made through a committee headed by H. L. Haines. This committee is working for a fund of $640 as this county' s share of the money to be placed in the War-Camp Community Recreation Fund.

Cash donations will be accepted at the Commercial Club office, at the office of this paper and by members of the special committee composed of H. L. Haines, Albert Kuchs, and E. W. Keck. The importance of the work is well outlined by excerpts from the speech of Secretary Baker in an address to the City Club of Boston, yesterday:

"We cannot afford any such tremendous and calamitous national waste and extravagance as to take a million young men out of their homes in this country and corrupt them, and then when the war is over, send them back home less fine than they were when they came to us," said Secretary Baker. "Every now and then we hear—I don't know anything about the truth of it—that our adversary in this war has been sending germs around to inoculate the people with disease and using that as a means of warfare.

"But we may do it if we are not careful. If we take a million young men out of their homes and simply throw them together haphazard and give them no consideration, leaving them to find their way in these untried problems, and then when this war is over, scatter those young men over the country with all the things they have learned and ought not to have learned, we shall have lowered the whole level of the moral life of this nation in a way that we cannot afford to do. As a consequence of that, there is thrown upon our cities and villages, thrown upon our ordinary citizens, the great task of making the environment of the military camps wholesome and stimulating.

HOOVER SENDS MESSAGE.

Says We Must Meet Food Problem to Save Soldiers.

In a special message to Missourians United States Food Administrator Hoover, at Washington, says:

"Unless we meet the food problem as becomes the citizens of a great democracy, our failure may be responsible for the unnecessary sacrifice of our heroic soldiers to whom we owe our loyal support. The importance of food substitution to insure a sufficient supply of fats, sugar and wheat, to meet the needs of our army and our allies cannot be overestimated. There is a world shortage in these vital necessities, that can be met only through the elimination of waste, and the intelligent substitution of other articles of diet, so far as substitution is possible."

As to our duty to our soldiers abroad Mr. Hoover adds:

"There should be no anxiety in the minds of our loyal soldiers at the front with reference to the ability of those at home, to insure an adequate supply of food for their comfort and fighting efficiency. The same holds true with reference to our allies, who must be sustained by us until our soldiers are properly trained to meet the rigors of war."

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel — are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

Soy Bean Bread.

One of the tastiest wheat bread substitutes is soy bean bread, according to today's bulletin from the National Emergency Food Garden Commission, working in co-operation with this newspaper in urging the housewives to conserve the nation's food resources. The bulletin offers the following recipe for soy bean bread:

4½ cups sifted wheat flour (more if necessary).
1½ cup of soy bean meal.
1 pint of lukewarm liquid (milk, water or equal parts of milk and water).
2 tablespoons sugar.
2 teaspoons salt.
1 cake yeast or 1 cup of liquid yeast.

All measurements are level full. If liquid yeast is used, a corresponding reduction must be made in the remaining liquid used for the dough. If dry yeast is used make a sponge at night with part of flour, the salt, the water and yeast. In the morning add the sugar and the mixture of soy bean meal and the remaining flour.

Mix the soy bean meal thoroughly with flour by sifting together twice. Rub the yeast smooth with a small portion of the lukewarm liquid. Dissolve the sugar and salt in the rest of the liquid and add to the yeast mixture. Mix this liquid with the flour and soy bean meal, adding more flour if necessary to make a dough stiff enough to knead, kneading until a smooth and elastic dough has been formed. Cover and set aside in a moderately warm place until the dough has doubled in volume. Then cut down from the sides of the bowl, knead, and if too soft or too stiff, add flour or water to make a dough of the proper consistency. Have the dough a trifle softer than for ordinary bread. Cover and set to rise again until double in bulk.

Cut down from the sides of the bowl, divide into four equal portions and mould into loaf shape, place in greased and slightly warmed pans and allow to rise until double in bulk. Bake in moderately hot oven 45 to 50 minutes.

Other dry meals, such as corn meal, finely ground oatmeal, barley, ground rice, rye flour, kafir, milo, etc., may be used in place of soy bean meal in this recipe.

Lieut. Braniger On Visit.

Lieut. Earl Braniger, stationed at Ft. Des Moines, Ia., spent Sunday with home folks yesterday, having obtained a short furlough to visit his father who was badly burned a few days ago when a hot water heater exploded at his home. Mr. Braniger is reported improved today. Lieut. Braniger returned to his post last night.

Lieber Holmes To Leave.

Lieber Holmes of the jewelry firm of Holmes Bros., will leave Wednesday for Tuscon, Ariz., where he will remain indefinitely. Mr. Holmes goes west in order to regain his health.

Woman's Inexperience

Owing to the inexperience of most women concerning business matters, they should have the advice of a good Trust Company in matters of Insurance, Mortgages, Leases, Wills, Deeds, Etc.

If the FARMERS TRUST COMPANY is the executor of the husband's estate, all these matters which involve so much detail and care, will be done accurately and legally so that the wife will not have to worry. This will be of great value to every woman.
